LOCK TYPE CANAL FOR THE ISTHMUS

Senate Adopts the Measure by Vote of 36 to 31.

IS AGAINST SEA LEVEL CANAL

In a few Hours the President Will Tell Chairman Shonts and Engineer Stevens that He and the American People Want Immediate Results.

Washington, June 2[illegible] Thursday took a position in accord with the president and the representatives by declaring for a canal across the isthmus of [illegible]. The result was reached a few minutes after 3 o'clock Thursday, after a day's discussion that was [illegible] void of interesting matter and [illegible] of keeping with the [illegible] knowledge importance of the [illegible].

There was only one [illegible] in connection with the [illegible] question, and that was [illegible] in character, coming as a [illegible] lay on the table the lock [illegible] tute for the sea level [illegible] the committee on [illegible]. BISHOP IS SUED FOR DAMAGES.

Suit Brought by Rev. Osborn, Who Was Disciplined by Bishop.

Kennett, Mo., June 23.—Bishop E. R. Hendrix, of the Methodist Episcopal church, south, is being sued in the circuit court here for $25,000 damages by Rev. A. T. Osborn, a local man of the same church.

At the last session of the St. Louis conference Rev. Mr. Osborn was tried on the charge of leaving his work without the consent of the bishop. The case was that Mr. Osborn left his pastorate several months prior to the close of the conference year.

The committee reported that Mr. Osborn was guilty of the charge, and the report was sustained by the conference. Mr. Osborn did not like the actions of Bishop Hendrix while the case was being tried, and brought suit for $25,000. The case promises to consume several days.

RIVERS AND CLARK DECLARED ELECTED

Meeting of State and Congressional Committees Friday.

CONGRESSIONAL COMMITTEE

Organized by Making Hon. Pleasant A. Holt of Duval, Chairman, and Jesse E. Burtz of Alachua, Secretary. State Committee Holds Over.

The State Democratic Executive Committee met in Jacksonville Friday for the purpose of canvassing the returns for State Attorney for the Eighth Judicial Circuit, which was the only office to be competed for in the second primary.

The meeting was presided over by Hon. Duncan U. Fletcher, chairman. Secretary H. L. Dood called the roll, which showed an attendance of only fourteen, among whom was Dr. J. F. McKinstry, Jr., committeeman from Alachua county.

Taken altogether, the meeting was quite an interesting, as well as an exciting one, as attempts were made by some to thwart or defeat the primary movement. This resolution, however, met with prompt and bitter opposition, with the result that the resolution, which was introduced by Committeeman Hocker of Marion, was withdrawn.

A committee composing Charles Dougherty of Volusia, A. T. Williams of Duval, committeemen at large, and A. W. Cockrell of Duval, was by motion appointed to canvass the vote, and made the following return:

"Hon. D. U. Fletcher, Chairman of the State Democratic Executive Committee:

"Your special committee appointed to canvass the returns of the second primary for the office of State Attorney for the Eighth Judicial Circuit, have completed said canvass and report as follows:

"That B. P. Calhoun received 1,157 votes.

"That T. W. Fielding received 1,218 votes.

"That J. M. Rivers received 1,282 votes.

"Therefore your committee recommend the adoption of the following resolution:

"'Resolved, That J. M. Rivers be and he is hereby recommended to the office of State Attorney for the Eighth Judicial Circuit of the State of Florida, he having been nominated in the Democratic primary.'"

The resolution was adopted by a unanimous vote, and the nomination of J. M. Rivers as State Attorney for the Eighth Judicial Circuit will be certified to by the chairman and secretary of the committee.

The Congressional Committee.

While the State Executive Committee was in session at the Everett, the executive committee of the Second District, comprising sixteen counties, was meeting in the parlors of the Aragon Hotel, Hon. Pleasant A. Holt presiding.

The meeting was more largely attended than the State meeting, although there was nothing of especial importance to transpire, the nomination of Hon. Frank Clark as Congressman from this district to succeed himself, and the reorganization of the new committee, only, to be considered. Congressman Clark had no opposition, hence the certification of returns was merely a matter of form.

The committee appointed for the purpose of canvassing the returns, reported that same had been correctly counted and verified with the report of the various counties composing the district, which showed that Mr. Clark received in the district 10,774 votes. Baker county was the only county from which no returns were received.

After completing the business of the committee, which included the customary resolution declaring Mr. Clark to be the nominee, the committee adjourned sine die.

Immediately after the adjournment of the retiring committee, the new committee was organized and perfected an organization by electing Hon. P. A. Holt of Jacksonville, chairman, and Jesse E. Burtz of Alachua county, secretary.

A resolution was adopted authorizing the nominee for Congress to fill any vacancies on the committee at any time by resignation or failure of any county committee to elect their member within sixty days from date.

Upon motion a campaign committee was created, composed of five members of the Congressional committee, of which the chairman and secretary shall be members. In addition to P. A. Holt, the chairman, and Jesse E. Burtz, the secretary, the chair appointed Judge George N. Bardin of Clay, Dr. A. J. P. Julian of Columbia, and F. J. Fearnside of Putnam.

There being no further business the committee adjourned subject to the call of the chairman.

THE SEWERAGE CONTRACT.

Work Progressing Nicely, and Will be Completed on Time.

Contractor F. H. Beeman of Louisville, Ky., who has the contract for installing the sewerage plant here, reports that work is progressing nicely, and that the system would be completed in accordance with the time specified in the agreement.

Contractor Beeman is working at present twenty-eight hands. The force, he says, is sufficiently large as far as the work has progressed, but he will increase the same from time to time, as the conditions demand.

About one and three-quarter miles of piping have so far been laid. The contract provides for about twelve miles.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

Interchangeable Mileage.

Atlanta, Ga., June 23.—As a result of persistent demands on the part of the Travelers' Protective association of Georgia and the United Commercial Travelers, the railway passenger agents of the southeastern territory now in conference in Atlanta have decided upon the adoption of an interchangeable mileage system to take effect on and after July 15th at a rate of 2½ cents a mile.

Death From Lockjaw

Never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Rensselaerville, N. Y., writes: "It cured Seth Birch of this place of the ughest sore on his neck I ever saw." Cures cuts, wounds, burns and sores. 25c at all druggists.

LAKE VIEW WEDDING.

Happy Marriage of Two Popular Young People at That Place Sunday.

There was a very pretty wedding at Lake View Sunday evening, June 17th, the contracting parties being Miss Queen Johnson and Julian D. Baknight.

The bride wore a beautiful gown of white silk, while the groom wore the conventional black.

The bride is the only daughter of Mr. and Mrs. J. H. Johnson, and is a young lady of sweet and amiable disposition. She will be missed very much by her many friends.

The groom is a man of sterling worth, being well known, having lived near Micanopy the greater part of his life.

Mr. and Mrs. Baknight left shortly after the ceremony for their future home at Micanopy.

They received many handsome and useful presents.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making in a household word by their porsonal recommendations to friends and neighbors. It is a good medicine to have it the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

Two Killed in a Collision.

Norfolk, Va., June 23.—In a rear-end collision between trains on the Atlantic Coast Line at Apex, N. C., Engineer O. O. King, of Portsmouth, Va., and Brakeman Walter Carter, of Windsor, N. C., were killed. Conductor Meacham and an unknown white man were injured. The accident happened while one of the trains was shifting cars. The engine of one train and six cars were badly damaged, as were the caboose and six car cars of the other train. It is impossible to place the responsibility at this time.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

Hundreds Witnessed Duel.

Talladega, Ala., June 23.—In the presence of three hundred persons, at a masquerade ball Thursday night, Dudley Brown and Henry Knight fought a duel, in which both men were killed. Miss Hurt was slightly injured by receiving a stray shot in the ankle. Each man received two shots in the breast. Both men are well known and popular in Talladega and thus far no explanation has been given for the cause of the tragedy.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

DISASTROUS FIRE SATURDAY AFTERNOON

Tremendous Loss to Three Firms and the Atlantic Coast Line.

DAMAGE AGGREGATES $17,000

S. J. Thomas Lost $8,000 Without Insurance—Fire Discovered Too Late to Save Building, Which Was Burned to the Ground.

Gainesville was visited Saturday afternoon by one of the most terrific and destructive conflagrations in its history, about $17,000 being involved, with only a comparatively light insurance.

The alarm was sounded from Box 52 at 3:20 o'clock. The department responded promptly, but it was evident that the alarm was not turned in for some time after the fire had started, as the building was all ablaze when the department arrived.

The building was one owned by the Atlantic Coast Line and for many years used as a warehouse. When the freight department was moved up town, however, it was rented for storage purposes, and has been used by the S. J. Thomas Company, hardware and mill supplies, and G. S. Merchant & Co. and Saunders & Earle, growers.

The losses as reported are as follows: S. J. Thomas Company, hardware and mill supplies and machinery, $8,000, no insurance; G. S. Merchant & Co., hay and grain, $2,000, covered by insurance; Saunders & Earle, hay and grain, $1,000, partly insured.

Nine carloads of goods belonging to the occupants of the building were on the sidetrack, ready to be unloaded. They were removed, however, before any damage resulted. Two refrigerator cars of the Armour line, "empties," were destroyed, amounting to about $2,000.

The flames were so far advanced that the fire department found it impossible to save the building, which was burned to the ground.

The fire created a great deal of excitement, and hundreds were attracted to the scene.

The origin of the fire is unknown.

NEWS OF CITY AND COUNTY CONDENSED

W. G. Richardson, representing the Florida Live Stock Insurance Company, has returned from Hague, Haynesworth, Rand and other points, where he has been in the interest of his company.

W. B. Turner is at Spring Park Farm, Bennington, where he is engaged in putting in a windmill for Spring Park Farm. Mr. Turner is a professional well and windmill man, and has perfected many "jobs" about here which have proved most satisfactory.

E. N. Oxen, who was for some time with the Carter Dairy, has accepted a position with the wrought iron range stove company which have been doing business by canvassing in this city and county for some time, and assumed his duties yesterday. Mr. Oxen is a clever and competent young man, and will no doubt do well.

Mrs. J. W. Patton and children left yesterday for Timber Ridge, Va., where they will join Mr. Patton and his clever little daughter, Miss Julia, who have been at Timber Ridge for the past few weeks. They were called there on a sad mission, having been summoned on account of the illness and subsequent death of Mr. Patton's mother. The party expects to be absent for about two months, and their friends will be glad to welcome them home.

Among the visitors to this city yesterday was T. L. Robinson and his charming daughter, Miss Maude, who were visitors from Melrose. Mr. Robinson is the manager of the famous Maxwell grove of seventy-five acres, which is said to be one of the finest in the State. He says the prospects for a crop were never better than this year. The trees are absolutely loaded, and while he will not authenticate the statement, those who have seen the place and are well posted, state that the yield will be 5,000 boxes the coming season.

FIRST NATIONAL BANK

Business Shows Best Ever Known in History of Institution.

The First National Bank of Gainesville publishes in this issue a statement of its condition at the close of business on June 15, which would be a credit to any banking institution in the United States with the capital stock of the First National. It is a statement of which not only the officers, but the people of Gainesville and Alachua county should be proud, as it shows that the people of this section was never in a more healthy condition financially. This is the most substantial report the First National has ever shown, aggregating nearly three quarters of a million dollars, with deposits of more than half a million.

The success of this institution is due largely to the conservative principles of its officers. While clever and accommodating, they are nevertheless cautious, which gives them the confidence of the business world. Cashier Taylor is regarded as not only one of the cleverest and most accommodating officials in the State, but one of the most conservative and cautious as well.

OAK HALLS WON

An Interesting Game Between Gainesville and Jacksonville Saturday.

There was an interesting game of baseball between the Oak Halls and a Jacksonville team Saturday afternoon, the score resulting, after a hard fight for honors, four to three in favor of the home team.

The game proved a most interesting one, and developed a great efficiency on both sides. It was well attended, and those who were there appreciated the work of both teams, which was good.

Every time we read of a German going to jail for lese majesty, we wonder what would happen to Congress if it met in Berlin.

From the hasty preparations the Russian government is making to check the massacres at Bailystok, it is easy to infer that they are all over.

Congress made a mistake about the boodle bill. What they meant was that it was a felony to contribute to anything but a Republican campaign fund.

An Iowa farmer kidnapped five laborers, put them in an automobile and took them home to dine on fried chicken. Yet the oppressed farmer wants the tariff revised.

And now some of the English correspondent express admiring surprise that "the meeting of Mrs. Longworth and King Edward was like the meeting of equals." Well, Alice always was more or less tolerant when she was over here.

No city in the State of like size offers such educational advantages as does Gainesville. Our people have spared no expense in the erection of buildings that are inviting and comfortable and offer a school home that anyone can be proud of.

While we beautify our gardens and premises we should not forget our relatives and friends who are at peaceful rest. It is fitting that our Silent City should be kept in order. None of us are too poor to plant a rose above the resting place of a relative or friend.

Gainesville is just the right size city to settle down in and enjoy life. Everything for the comfort of life can be bought here and $10 will go as far as $15 will in the large cities. Come to Gainesville and build a nice comfortable home and be among the best people in the world.

The Jasper News, whose editor is also a licensed preacher, has the following article on the above subject:

"Some discussion has been going the rounds of the press recently as to why more people do not go to church.

"As there are many in all classes of society and all vocations in life who do not regularly go to church, there must necessarily be many reasons.

"Some persons do not go to church, because they do not hear the doctrine which they believe, advocated.

"Others, because they fear that their peculiar beliefs will be denounced.

"Yet, others do not go, because many preachers deal too much in platitudes instead of giving their congregations something original and interesting.

"Others fail to go, because they do not believe that God Almighty requires them to sit and be bored by a man who is unable to instruct, or interest them.

"There are others who do not attend, because they do not like the financial system of the majority of churches which take up collections at every service. These persons think that the finances of the church should be attended to in a special way and that the business meetings of the church should be separated from those where God is supposed to be worshipped.

"There are many who do not go, because Sunday is the only day they have to rest, read books and enjoy the society of their families, and they stay at home for this purpose.

"There are others who stay at home, because many preachers when they begin to preach never know when to stop. These kind of preachers are generally the poorest and most ignorant of the whole bunch. The noon hour comes, but, like a flowing river they go on forever.

"But the chief cause for non-church attendance is education. The masses of the people can read; the best books of religious thought are obtainable for a trifling sum; the metropolitan newspapers contain sermons in their Sunday editions by the ablest preachers of the world, and the tired worker, instead of having to dress up and go to church to hear a sermon, can sit down in an easy chair on his porch and read the productions of the ablest minds on earth at the low cost of a nickel.

"But whatever the causes may be which impel people to stay away from church, there is one thing of which preachers and church people may feel certain, and that is—wherever people are entertained, amused, instructed, or comforted, they will go. They will go in crowds. They'll go, if they have to pay for it.

"So, the proper thing for churches whose bare, unoccupied pews stare them in the face Sunday after Sunday, is to revise their methods."

A few days ago a rather bashful young woman went into a store in a neighboring town carrying three chickens. She inquired the price of chickens and at the same time put them on the counter. The clerk didn't know the chickens' feet were tied, and asked if they would lay there. She bit her handkerchief and said "No, sir, they are roosters."

Dispatches say that John D. Rockefellow has quite recovered from the nervous trouble that sent him abroad. This is a testimonial to the water cure. Any ocean put 3,000 miles of it between yourself and the district attorney.

Someone has been figuring out the number of words a man utters in a year and finds the average to be 1,500,000.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

THAT CANNING FACTORY.

Gainesville has at last struck the proper chord in new industries, when two of her progressive citizens, realizing that the time was ripe, determined to establish a canning plant, and not only thought, but acted; for the machinery has been ordered, and some of it is already here. This plant will be one of the largest of its kind in the state, having a capacity of 10,000 three-pound cans per day, and employing from twenty-five to thirty hands. This will benefit labor.

But one of the greatest benefits will accrue to the farmer, as this new industry will open for his products which have been decaying in the fields a market heretofore unknown in this particular section. It will afford a market for his tomatoes, his beans, his peas, and in fact almost every vegetable and fruit product known, as the factory proposes to purchase and preserve a great variety from the farm and grove.

It is hoped this is the beginning of a new era of enterprise, as there is a market for all products that can be preserved.

The advertising merchant is the one who does the business in these days of push and enterprise. There are more newspaper readers today than ever before in the history of the world. The newspaper places your business under the eyes of the buyer. He sees what he wants, and, knowing where to find it, looks up the wide-awake merchant who asked him to come and see him. Success in these days of sharp competition calls for eternal vigilance. You can't keep a hustler down.

If you want a prosperous city where people can come who are disposed to make homes, then do away with and bury from sight all jealousy and spite work, move for common prosperity and mutual benefit. Wake up, rub your eyes, roll up your sleeves and go to work. Do not work with fear and trembling, but take for granted that blood will tell. Leave results to themselves, borrow no troubles, but all unite to make Gainesville the biggest kind of a town. "Go to work."

The New York Sun declares that President Roosevelt is the only man that can make the Panama canal an actuality. As it is estimated it will take ten years to complete the job with the President making the "dirt fly" and at the rate the word is now progressing it will probably take twenty years, and it will be necessary to have President Roosevelt to complete the job after his term expires, if The Sun persists that he is the only man that can do it.

Never go in debt for a luxury or an unnecessary article of any description.

HANDSOME MEDALS FOR STATE TROOPS

Will Be Awarded to Encourage Military Work in Florida.

A LARGE NUMBER OF THEM

They Will Be On Exhibition Here From Tuesday to Saturday, and Will No Doubt Be Admired by Military Boys Especially.

All military men and their friends will be interested in the very handsome collection of medals and decorations which are to be exhibited in the show windows of L. C. Smith, the jeweler, for the next few days from Tuesday to Saturday of the coming week.

These medals and prizes are to be competed for this year by the members of the Florida State Troops. They are tastefully arranged for exhibition and are sent here by the Adjutant-General to be viewed by the members of the military organization at this post.

The fifteen-year service medal is a handsome bronze decoration to be awarded by the State to all officers and enlisted men who have served, or may hereafter serve continuously in the Florida State Troops for fifteen years.

There are also offered by the State under the terms announced in General Order No. 8, current series from the Adjutant-General's office, the following described additional medals which are here with the collection above referred to:

A gold medal to be awarded to the soldier attaining the highest degree of efficiency in all of his military work throughout the year.

A silver medal to be awarded to the soldier attaining the second highest degree of efficiency, and a bronze medal to be awarded to the best drilled soldier in the Florida State Troops. This will be awarded after a competitive drill which is to be held during the approaching encampment.

Everything possible is being done by the military authorities to secure increased proficiency in target firing among the troops. The silver insignia prescribed by the War Department is to be awarded by the State to all soldiers who qualify as expert riflemen, sharpshooters or marksmen, and specimens of the insignia are also included in the exhibit.

This year a State rifle competition will be held under the auspices of the Florida Board for the Promotion of Rifle Practice on the rifle range at St. Augustine, commencing August 20th. This occasion will bring together a lot of the best rifle shots in the state, and among the big features of the competition will be the annual contest for the Talafferro trophy between teams from each company, and the contest for place on the state team to be selected to represent Florida in the National match at Seagirt, N. J., which takes place in September.

At the National match last year the weak point of the Florida team was in the carbine and long range firing. The team made a splendid showing as it was coming out ahead of many States which have devoted a great deal of time and attention to target firing in the past, but that the members of the team here as present at the long ranges and [illegible] as much run as they were in [illegible]

[illegible] hundred yards. Florida would be holding a national trophy this year. To overcome this shortcoming, if possible, several very handsome medals and prizes have been offered this year to encourage long range firing.

Hon. Jefferson B. Browne, chairman, of the Florida Railroad Commission has given a very handsome gold medal to be contested for in a 1,000 yard match. Adjutant-General Foster offers a gold medal for the best skirmish run. Captain Eugene Masters of St. Augustine offers a gold medal for an 800-yard match. Colonel John S. Maxwell, of the First Infantry, offers a gold medal for a 500-yard match. The Board for the Promotion of Rifle Practice will provide a gold medal for a 600-yard match, and the Greanleaf & Crosby medal will be contested for at 200 and 300 yards.

All of these matches will be features of the State rifle competition at St. Augustine. Handsome bronze medals will be given as the second prize in each match, and it is hoped by the Board that it will be possible to supplement the medals and other prizes with a series of cash prizes.

The Gainesville Guards, Captain C. E. Layton, have already begun to manifest considerable enthusiasm over the awarding of these medals, and it is safe enough to assert that our proportion will come this way.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

SECOND WEEK OF TEACHERS' NORMAL

Closed With a Week's Remarkable Work of Students.

ENTERTAINMENT FRIDAY NIGHT

Dr. Yocum, the Principal, and Prof. Floyd, Gave the Students a Most Instructive and Interesting Evening. Prof. Fulks Will Come Here.

The Normal closed its second week with an enrollment of one hundred and fourteen. The interest taken in the Normal by those attending has daily increased. A more earnest and industrious student body has never assembled in the State.

Prof. Jackson has been appointed postmaster of White Springs. Prof. J. H. Fulks has been appointed to fill the vacancy in the faculty made by the resignation of Prof. Jackson. Prof. Fulks is one of the strongest educators in the State and at one time principal of the Gainesville Graded and High School.

Prof. Thos. F. McBeath has resigned to accept a more lucrative position in Mississippi. No one will be appointed in his stead, but his work will be taken care of. Prof. Floyd will take the literature, Dr. Yocum, the Latin, and Prof. Corr, the rhetoric.

Dr. Yocum, assisted by Prof. Floyd, gave the Normal a delightful entertainment Friday night, in the auditorium of the E. F. S. buildings. First, an illustrated lecture on Stanley's search and rescue of Emin Pasha. Then astronomic scenes, comic scenes, reproductions from the great masters of art, comic pictures, scenes on the Suwannee river, accompanied by the song "Way Down Upon de Swannee Ribber," followed by sublime sacred scenes portraying the inner meaning of that grand old song, "Nearer My God to Thee." The rendition of the song by the young ladies was excellent.

The Very Best Remedy for Bowel Trouble.

Mr. M. E. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

AT THE CHURCHES TODAY.

List of Various Places of Worship. Special at Presbyterian.

First Presbyterian Church, Rev. Thos. P. Hay—Morning service at 10:30 a. m. Sunday school at 4 p. m. Evening service will be a union service, when Rev. Frances H. Craighill of Holy Trinity Episcopal Church will deliver the sermon. The morning service will be of unusual interest, and one belonging strictly to the Presbyterian denomination can fully appreciate its depth and solemnity. Messrs. Geo. S. Merchant and W. B. Higdon will be ordained and installed as ruling elders, and Mess. L. C. Smith, E. D. Turner and A. L. Vidal will be ordained and installed as deacons.

First Baptist Church—Owing to the illness of Rev. S. B. Rogers, the pastor, Rev. P. W. Corr will preach in this church today at 10:30 a. m., but there will be no service in the evening, owing to the union service at the Presbyterian church. The Sunday school will be held at 9:30 a. m., and Junior B. Y. P. U. at 3 p. m.

Kavanaugh Methodist Church, Rev. T. J. Nixon—Sunday school at 9:30 a. m. Preaching at 10:30 a. m., subject of sermon, "Loyalty to Christ and the Church." Junior League at 2:30 p. m. Senior League at 4 p. m.; subject, "The Evangelization of the Foreigners in Our Home Land." Leader, Chas. A. Nixon. There will be no evening service on account of union service at the Presbyterian church.

The usual services will be observed at Holy Trinity Episcopal and St. Patrick's Catholic churches.

Don't!

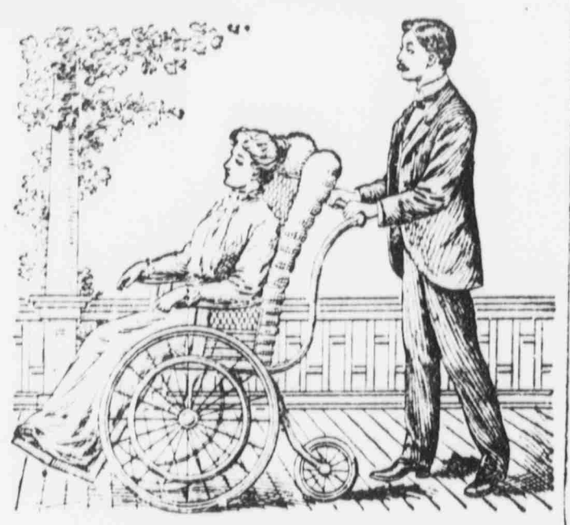
Don't let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for coughs, bronchitis, influenza, croup and pulmonary diseases. Buy a bottle and try it. B. E. Laughter, Eylau, Miss., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best croup and cough medicine I ever used." Sold by W. M. Johnson.

RHEUMATISM

ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those in whose blood the uric acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood, making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.



Last Summer I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was entirely cured. I now feel better than I have for years. CHAS. E. GILDERSLEEVE.
613 32nd Street, Newport News, Va.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If the uric acid is allowed to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengten the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflammation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up every part of the body by its fine tonic properties. While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form—Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge the blood of every particle of the poison. Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

TWO-YEAR TERM FOR SULLIVAN

Sent Up for Bigamy, Though Alleged First Wife Denied Recognition.

Atlanta, June 23.—John F. Sullivan, who was found guilty of bigamy Wednesday afternoon, was given a sentence of two years Thursday morning by Judge Roan, in returning the verdict of guilty, the jury recommended that the defendant be charged as for a misdemeanor.

Sullivan was charged with having married the second time after having deserted his first wife. His alleged first wife, who is now known as Belle Russell, wrote to Sullivan saying that she was sick and that she would keep quiet if he would send her some money with which to pay her doctor bills. Sullivan was away from home at the time and his wife opened the letter subsequently Sullivan was charged with bigamy. His first wife appeared in court and denied ever having seen Sullivan before and stated that he was the wrong man. She had before, however, sworn to an affidavit that her husband was the brother of one Mrs. Yancey, and in the court it was claimed that this John F. Sullivan was the brother of the same Mrs. Yancey.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, hard cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. AN ORDINANCE

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

To Provide for the Construction and Maintainance of Sidewalks Along the East and West Side of a Portion of East Main Street, for the Costs of Such Work and the Issuance of Special Assessment City Certificates.

Section 1—The owner or owners of every lot, piece or parcel of land, fronting or abutting upon the East side of East Main street, in said city, from the Southwest corner of Block four, Range five, according to the original survey of said city, and extending North along the Eastern boundary line of said East Main street to the Northwest corner of Block six of Brush's Addition to Gainesville, and fronting or abutting out on the West side of said East Main street from the Southeast corner of Block three, Range four, according to the original survey of said city, and extending North along the Western boundary line of said East Main street to the Northeast corner of Block nine of Brush's Addition to Gainesville, be, and said owner or owners are hereby directed and required to construct sidewalks along the property lines on the East and West side of East Main street as hereinbefore named; said sidewalks to be seven feet in width and constructed of Granolithic; said sidewalks to be constructed within thirty days after the passage and approval of this ordinance, and thereafter to be kept and maintained in good repair.

Sec. 2—If the owner or owners of any lot, piece or parcel of land fronting or abutting on the East or West side of said East Main street, as described in Section one of this ordinance, shall fail to comply with the provisions of said Section one within the time prescribed thereby, then the Board of Public Works be, and they are hereby authorized and directed to construct or to contract for the construction of said sidewalks, and the costs of such construction to be paid by the special assessment of said costs against the property fronting or abutting upon said sidewalks in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the construction of said sidewalks is Six Thousand Five Hundred Dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting upon said sidewalks where the same are to be constructed is One and Twenty-five One-hundredths Dollars. The Board of Public Works is hereby further authorized and directed to remove or cause to be removed any and all obstructions or encroachments along the Eastern or Western boundary line of said East Main street where said sidewalks are to be constructed, except such shade trees as the Board of Public Works or a majority shall deem best to remain.

Sec. 3—The special assessment for the construction of said sidewalks shall become due and payable as fast as the said sidewalks are constructed, to be paid by the lot owners of the property fronting or abutting upon said sidewalks so constructed.

Sec. 4—The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable for the construction of said sidewalks as fast as the same are constructed, according to the special assessment against said property as provided by this ordinance to be paid, in order to enable said city to pay the costs of the construction of said sidewalks pending the collection of said special assessments, said certificates to draw interest at the rate of twelve per cent per annum. The amounts to be paid for the construction of said sidewalks shall be a lien on the lots pieces or parcels of land abutting on said sidewalks and said lien shall be enforced by suit in equity as provided by the Charter of said city.

Sec. 5—The City Council shall within thirty days after the completion of the construction of said sidewalks as herein provided meet and by resolution fix the special assessment per front foot upon the property abutting or fronting upon said sidewalks as by this ordinance provided, said special assessment not to exceed the actual cost of the construction of said sidewalks, or the estimated special assessment per front foot for such work as stated in this ordinance. Said resolution shall, immediately after its passage, be published one time in a newspaper published in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest.

Sec. 6—The City Council shall meet on Monday, the 2nd day of July, A. D. 1906, at 7:30 o'clock p. m. of said day, in the Council Chamber and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of the requirements of this ordinance.

Sec. 7—This ordinance shall take effect immediately upon its passage and approval.

Passed City Council May 22, 1906.
G. K. Brooks,
President City Council.
